

Movement that inspires

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving. It's why we create the spaces and the time you need to bring ideas to life.

Very like the experience that awaits you behind the wheel of every Kia. With our design, space innovation, purpose driven technology and built in sustainability, we aim to inspire everytime you encounter the Kia brand.

Because you never know where your next big idea awaits. But they are out there. Waiting to be discovered. So, what are you waiting for? Get moving.

Get inspired.

About Kia

Kia Motors (www.kia.com) is a maker of world-class quality vehicles for the young-at-heart. Founded in 1944, Kia today sells around 3 million vehicles a year in 190 countries, with more than 52,000 employees worldwide, annual revenues of over US\$49 billion and manufacturing facilities in five countries. Kia is the major sponsor of the Australian Open, official automotive partner of FIFA, official partner of the UEFA Europa League, and main partner of League of Legends European Championship 2019. The company's brand slogan "Movement that inspires" represents Kia's global commitment to inspire the world with exciting, innovative experiences that go beyond expectations.

The Sportage

Movement that inspires

197

SPORTAGE

AWD

Take your driving experience to an exciting new level thanks to Sportage's unique, head-turning looks, innovative use of technology and outstanding attention to detail.

Born to dare **SPORTAGE**

Ready to reinvent the game

Sportage is the new king of the urban jungle with more than enough power to safely and smoothly navigate city roads along with a perfect combination of contemporary style and sporty appeal.

City driving has
never been so cool

Eye-catching lines
that draw admiring glances

We all want to stand out and be seen as different from the crowd. With its sleek, bold lines and sporty panache, the revolutionary Sportage is an SUV you can be more than proud to drive.

An amazing view
in every direction

Prepare yourself for a love affair with the most elegantly and logically conceived cockpit console you have ever seen. Immerse yourself in the care and attention our designers have paid to ensuring your ultimate driving pleasure.

Center fascia

The center fascia is angled towards you at a perfect 7.2-degree angle so that audio and air conditioning systems are all within easy reach. The combination of well-thought-out ergonomics and logical control placement is simply unbeatable.

Experience the delight of owning your driving space

The Sportage is redefining our understanding of space utilization. Supreme comfort and fingertip control offer you a sense of serenity every time you slip behind the wheel and hit the road.

Wireless smartphone charger We never leave home without our smartphones, but charging the battery on the move can be a challenge. With the Sportage's wireless smartphone charging system all you need to do is place your smartphone on the center of the wireless charging pad. Charging status is displayed on an easy-to-read indicator so you always know when you're powered up and ready to connect with the world again. (Available only on models equipped with automatic transmission and Electronic Parking Brake)

4.2-inch color TFT-LCD Information is power, and the 4.2-inch color TFT-LCD positioned perfectly between the cluster gauges displays vital vehicle and driving information with outstanding visibility.

3.5-inch monochrome TFT-LCD Valuable information including total mileage, outside temperature, average speed and distance traveled is clearly displayed, enabling you to keep your eyes on the road ahead.

Our dedicated designers have carefully combined the finest, most durable materials with unsurpassed attention to detail to create a sensation of elegance and pure comfort that will enhance your feeling of inner peace, despite whatever may be happening outside.

Take a seat for
the drive of your life

Larger panoramic sunroof opening

The expanded panoramic sunroof of the Sportage offers a better view of the sky than ever before, adding a sense of freedom when you're on the move.

Uncompromised comfort and flexibility

An abundance of natural light and freshly circulating air make the experience of being transported in the Sportage refreshingly unlike the old way of travelling. Your passengers may never want the journey to end.

Air-ventilated front seats / Seat warmers

Gentle streams of air from fans in the front seat cushions keep you cool and relaxed while every seat is equipped with adjustable heating.

Powered front-seat adjustment The supremely comfortable 10-way adjustable driver's seat also offers 2-way power lumbar support to help keep you fresh, alert and feeling great during and after even the longest drives. The 8-way adjustable powered passenger seat ensures that whoever's keeping you company always enjoys the ride as much as you do.

Flexible rear-seat reclining Passengers sitting in the second row of the Sportage have more opportunities to relax and recline than ever before. Easy-to-use levers placed carefully on the side of each seat cushion make it easy for any passenger to sit back and choose his or her desired seat position.

Choosing the Sportage is an investment in your future quality of life, offering more than enough room for the practicalities of your daily routine.

More space to grow
as your horizons expand

Smart power tailgate

To make life even easier when your hands are full, the tailgate automatically opens when you are holding the smart key and are within the detection zone.

Tailgate memory function

Set the tailgate's opening angle for extra convenience when loading and unloading cargo.

Fully folding rear seats Rear seats fold completely flat to transport cargo more easily and safely.

60:40 split folding rear seats The foldable rear seats allow for loading extra-sized items that would not normally fit in the rear cargo space.

Dual-level luggage board Increased cargo space height enables you to load even more extra-large items.

Cargo screen storage compartment The retractable cargo screen can be conveniently stowed away in a partitioned-off space under the floorboard.

Enjoy even more power and enhanced performance

Now you can go further thanks to enhanced fuel efficiency while reveling in the delight of greater control of your driving experience, regardless of road or weather conditions.

Automatic transmission This six-gear unit features auto shift lock to prevent any unintended acceleration from happening.

Manual transmission The sixth gear enables you to cruise with comfort and maximum fuel efficiency.

Theta 2.4 GDI gasoline engine
Max. power 184 ps @ 6,000 rpm
Max. torque 24.2 kg·m @ 4,000 rpm

Nu 2.0 MPI gasoline engine
Max. power 157 ps @ 6,200 rpm (EURO 2)
155 ps @ 6,200 rpm (EURO 3/4/5/6)
Max. torque 20 kg·m @ 4,000 rpm (EURO 2)
19.6 kg·m @ 4,000 rpm (EURO 3/4/5/6)

R 2.0 (high output) diesel engine
Max. power 178 ps @ 4,000 rpm (EURO 2/3)
185 ps @ 4,000 rpm (EURO 4/5/6)
Max. torque 41.0 kg·m @ 1,750-2,750 rpm

Inspiring technology for new levels of safety

The Sportage offers a whole new dimension of technological assistance to help make sure you always maneuver with absolute peace-of-mind and comfort.

Blind-Spot Collision Warning (BCW)

Sensors monitor the side and rear for vehicles approaching your blind spots. Visual alerts are provided on the outside mirrors and cluster while an audio alert is sounded when necessary. For added safety, the Lane Change Assist (LCA) system activates an alert when a vehicle approaches from behind in either opposite lane.

Rear Cross-Traffic Collision Warning (RCCW)

When backing out of a parking space, a sensor detects and alerts you to vehicles approaching from the left or right.

Parking Distance Warning-Forward (PDW-F)

Ultrasonic sensors on the front and rear bumpers detect objects or pedestrians and let you know their distance from your vehicle.

Stay safe in all road and weather conditions

We can't predict what nature will have in store for us when we're driving but we can make sure we stay as safe as possible.

Vehicle Stability Management (VSM)

This technology helps you to keep stable and safe when simultaneously braking and cornering, especially on wet, slippery or rough roads.

Cruise Control (CC)

Set and maintain a constant speed, and simply step on the brake or accelerator when you want to disengage.

Drive Mode Select (DMS)

Standard on all Sportage automatic transmission models, DMS enables you to select Normal, Eco or Sport mode to suit the way you wish to drive depending on the road and weather conditions.

Because strength and safety go hand in hand

Remarkably strong steel, including hot-stamped steel, is used throughout the Sportage, as a crucial element of its well-reinforced chassis design. The result is exemplary control, performance, and occupant protection.

Phenomenal rigidity with smarter materials

The Sportage boasts substantial torsional rigidity thanks to strategic application of remarkably strong materials such as hot-stamped steel. The body resists twisting forces, so jolts are absorbed with precision. In the event of a collision, impact forces are managed in ways that better protect the occupant space.

Advanced adhesives

We've applied a best-in-class 103 meters of structural adhesive to enhance vehicle body strength while minimizing noise and vibration for a smoother ride.

6 airbags Airbags placed strategically throughout the interior offer protection for you and your passengers in the event of a collision.

Cutting-edge technology for maximum driving stability

There's nothing like the feel of Kia's AWD technology kicking in when the Sportage takes on bends in the road. Cornering has never been more fun.

DYnamax AWD

True AWD. Continuously thinking forward.

The automatically engaging all-wheel drive (AWD) system senses road conditions, wheel speed and acceleration, then applies the right amount of torque to the front and rear wheels for optimum road grip. Rest assured knowing that you can always tackle any kind of road or weather condition.

← Braking control
→ Traction control

Advanced Traction Cornering Control (ATCC)

Advanced Traction Cornering Control monitors and analyzes road conditions, making sure the right amount of torque is focused on the wheel with the most grip to counteract over or understeer.

Suspension The design and geometry of the Sportage's improved suspension offers even more stable handling at high speeds for your safety and enhanced driving comfort.

Attention to detail for a more satisfying ride

A carefully considered range of ultra-high quality standard features and a wide selection of optional extras enable you to design your own Sportage driving experience.

- A Center speaker
- B Front door speaker
- C Front tweeter
- D Rear door speaker
- E Subwoofer with enclosure
- F External amplifier

7-inch color LCD touchscreen audio
This simple-to-use, 7-inch touchscreen supports audio, navigation and control systems, and incorporates the rearview camera display with dynamic guidelines.

3.8-inch screen compact audio Experience enhanced audio using the 3.8-inch screen designed for easy access and control.

USB port You and your passengers can connect USB or other mobile devices for convenient music playback.

Bluetooth Steering-wheel mounted controls enable you to effortlessly stay connected while on the move.

Audio remote control Fingertip control of the sound system means you will never be distracted from the road ahead.

Button start / stop

For convenience and safety, you don't have to take the key fob out of your pocket when you're locking or unlocking the door, starting the engine or disengaging the immobilizer.

Auto defogger A sophisticated sensor detects fogginess on the front windshield and clears it automatically, giving you driving clarity at all times.

Ventilation and USB charger for 2nd row passengers Cold or warm air is available when needed and your rear seat passengers can also recharge their devices on the go.

Air purifier A smart ion generator is ever-ready to remove the sources of unpleasant smells, clearing the interior air for an enjoyable ride.

Dual Zone Full Auto Temperature Control (D-FATC) Set-and-forget functionality turns the air conditioner and heater on and off automatically to maintain the perfect temperature for you and your passengers at all times.

Manual temperature control Soft touch switches and dials enable you to adjust the temperature so it's exactly right for you and your passengers.

Electronic Parking Brake (EPB) State-of-the-art switch design for activating the parking brake provides added convenience and saves space.

Parking guide system Steering wheel mounted angle sensors and a rear-view camera indicate the projected trajectory of your vehicle for added safety.

Heated steering wheel Warm your hands at the touch of a button to enjoy your driving experience and travel safely even in the coldest weather.

Door scuffs The perfect way for you to protect the cherished interior of your Sportage and keep it looking like new.

Roof rack The integrated roof rack is designed for maximum luggage storage while additional accessory cross bars offer you extra utility.

Aerodynamic improvements The smart rear-spoiler side garnish minimizes the drag coefficient for improved fuel efficiency while a state-of-the-art wheel air curtain improves the flow of air around the front wheels to offer you a more comfortable driving experience.

Smart welcome system Approach your vehicle with the smart key fob and the Sportage springs into life once you're comfortably within range. Welcome lights turn on and the outside mirrors unfold into position so that you're ready to be on the move again.

19" alloy wheels

Take your independence on the road to a new level

When you choose the exciting GT Line trim, a host of extras will enhance the exterior style of your Sportage and let you freely express your unique identity.

LED fog lamps

Grille and front accents

Window surround chrome molding

Side sill dark chrome garnish

Whether you love getting out into the great outdoors or simply enjoy living in a more sustainable balance with the ecosystem, you have found a soul mate in Kia Motors.

Environmental preservation and social responsibility are top priorities at Kia, and we back up our commitment with tangible action. Our EcoDynamics sub-brand, established in 2009, designates the most eco-friendly cars within each Kia model range that showcase our new fuel-stretching and emission-cutting technologies such as hybrid, electric and hydrogen fuel cell powertrains.

We are also building a clean global production system, raising the resource recovery rate, and designing vehicles with the disposal phase in mind. Meanwhile, we are adopting more and more environmentally friendly materials in our cars, selected for their composition, biodegradability and bio-inspired technology. For example, to reduce our carbon footprint, we are replacing oil-based materials with plant-based materials wherever possible.

As you can see, we at Kia Motors are committed to finding fundamental solutions to cutting energy consumption and combatting climate change. If you feel the same way as we do about preserving the environment and ensuring a brighter future for the younger generation, then we have just the vehicle for you.

Dimensions (mm)

Overall length	4,480	Overhang (front / rear)	910 / 900
