

Movement that inspires

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving. It's why we create the spaces and the time you need to bring ideas to life.

The Kia K3

Movement that inspires

MAKE EACH MOMENT MATTER

The new Kia K3, embodies the new Kia philosophy with a high-tech character in its aggressive design and powerful personality, making it a unique car in its segment that combines sophisticated LED headlights styling and a body that knows how to make a statement. With the new Kia K3, feel the innovation of an elegant and powerful car, maximizing its boldness on the road, and making it the model to follow.

YOUR SPACE IN STYLE

The new Kia K3 brings to life 'Opposites United', inspired by the contrasts between nature and humanity, with an unprecedented bold and progressive design, such as its fastback line that allows for more cargo space compared to other conventionally designed sedans.

STYLISH & COMFORTABLE
INTERIORS

PRACTICAL
PREMIUM
SPACE

The Kia K3 visually realizes harmonious and bold synergy effects and exquisitely embodies stable materials and future-oriented operating system designs -combined to emphasize innovative and comfortable interior space. Kia reinterpreted the selection and concentration of all design elements that can be felt in a formative and functional way and designed the entire space in detail and robustness so that it can exquisitely embed from small to large elements.

Artificial leather with GT-Line fabric inserts
(Available in GT-line only)

FEEL INSPIRED INSIDE

To minimize driver eye movement, displays are positioned at only slight angles from one another, and from the road ahead. But it's not just about the driver. This interior is designed to entertain everyone inside in true comfort.

7" Segment LCD and 4" TFT LCD + Full Segment Cluster Display

The supervision cluster helps you stay focused and informed, with data like remaining distance to empty and fuel consumption, navigation cues, and outside temperature. Colour of the segment LCD can be changed by theme

10.25-inch Touch Screen

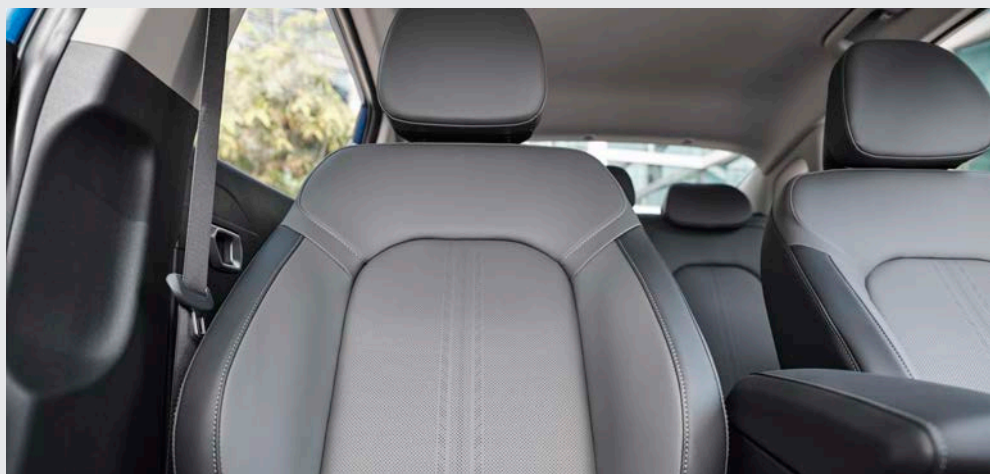

View and select audio functions on the 8-inch center display. Choose audio sources, tune in to radio stations, and adjust audio quality to taste by using convenient controls mounted on the steering wheel.

Smartphone wireless charger

Charge a compatible mobile phone wirelessly on the pad in front of the gear selector.

Ambient Interior Lighting
 With 64 colour options, it creates a unique and special atmosphere for each passenger.

Ventilated Seat

The front seats are featured with the adjustable ventilated seat function for soothing driving experience.

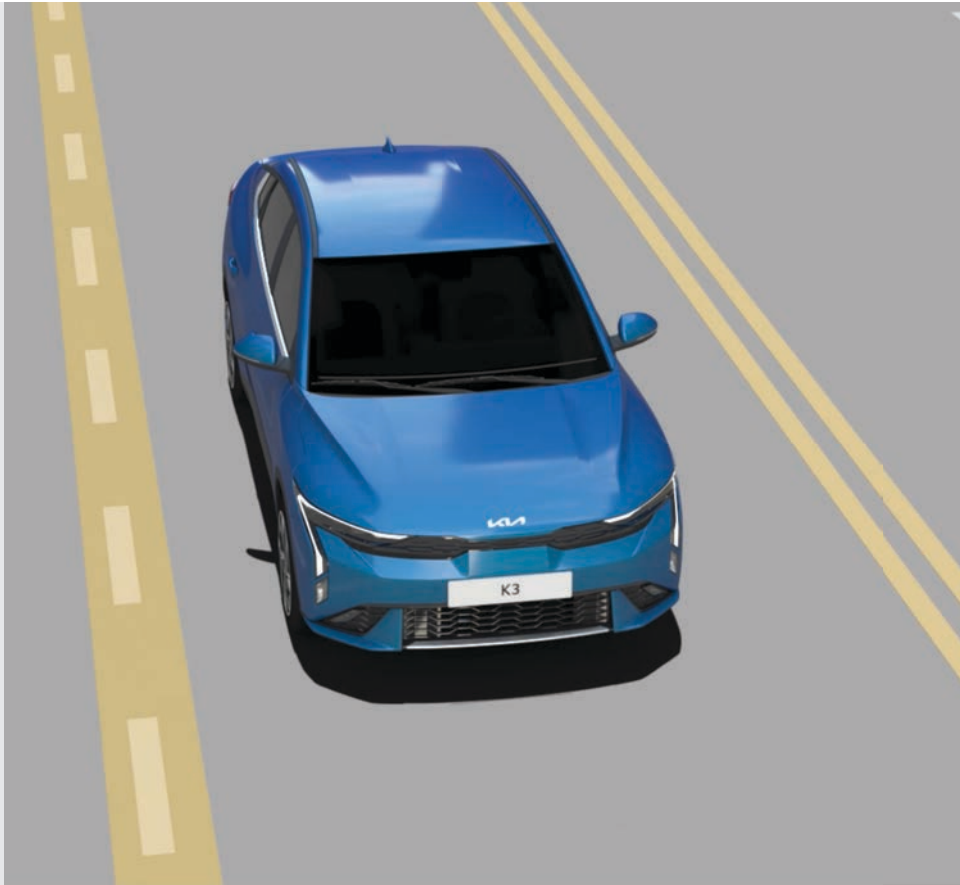

Maximum luggage space & Usability

Maximum luggage space is created by the optimization of The dimensional distribution & The back panel section. It is complemented by the Increased Opening width for improving Usability (Besides optimizing the design parting line).

TECHNOLOGY TO KEEP YOU SAFE ON ROAD

The Kia K3 offers a range of Kia DRIVE WiSE technologies to help make driving safer and less stressful. They come into play when you're changing lanes on the motorway, maneuvering into a tight parking space, or backing out into the street.

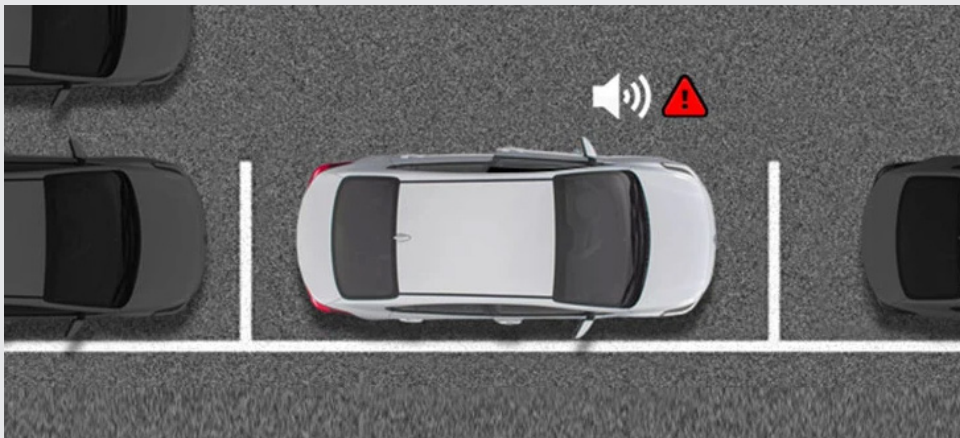

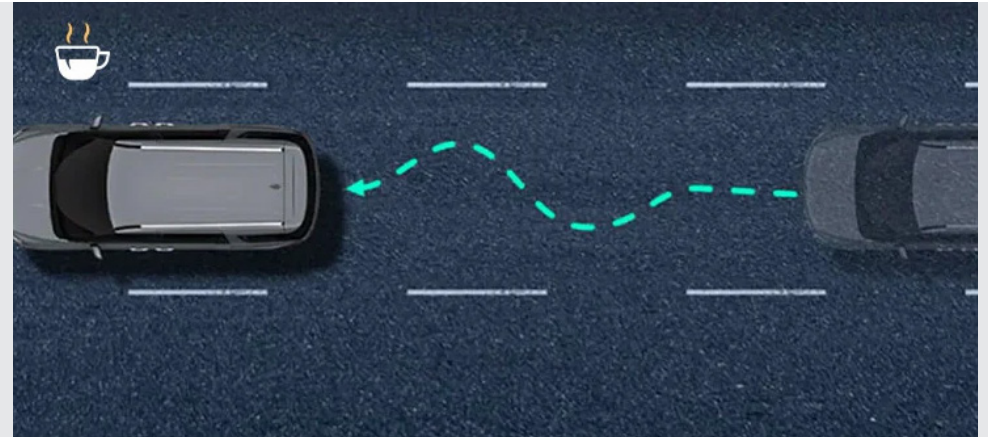

Lane Keeping Assist (LKA)

Lane Keeping Assist is designed to help detect lane markings (or road edges) while driving over a certain speed. Lane Keeping Assist will warn the driver if the vehicle leaves the lane without using the turn signal, or will automatically assist the driver's steering to help prevent the vehicle from departing the lane.

DRIVE WiSE is Kia's sub-brand encompassing the latest Advanced Driver Assistance System (ADAS) technologies that ensure the ultimate in occupant and pedestrian safety while never sacrificing the pleasure of driving. DRIVE WiSE helps to eliminate the tediousness and fatigue from even the most stressful daily commutes.

High Beam Assist (HBA)

High Beam Assist (HBA) detects the ambient light and illuminance, such as a lamp of an oncoming vehicle or a preceding vehicle, and it automatically adjusts the high beams.

Safe Exit Warning (SEW)

Safe Exit Warning (SEW) warns you if there is a risk of collision with a vehicle approaching from behind when an occupant opens a door to exit the vehicle after coming to a stop.

Driver Attention Warning (DAW)

Driver Attention Warning (DAW) warns you when the driver's attentiveness drops to the lowest level (least attentive) while driving. It provides a notification to the driver when the leading vehicle departs during a stop.

Forward Collision-Avoidance Assist (FCA)

Forward Collision-Avoidance Assist (FCA) monitors your surroundings and warns you if there is a risk of collision. After the warning, if the risk of collision increases with the target (e.g. a leading vehicle that suddenly slows down, a vehicle, a pedestrian, or a cyclist in the front), it automatically assists with emergency braking.

A SUPERIOR BLEND OF
SAFETY AND PERFORMANCE

6 airbag system - Dual front airbags + dual side airbags + curtain airbags

To help protect occupants and potentially reduce injuries in the event of a collision, the Seltos offers driver and front passenger airbags, two front side airbags, and available side-curtain airbags running the length of the interior on each side.

6-speed auto transmission & 7-speed DCT

1.6L MPI Engine

Delivering an outstanding 123 PS @ 6300 RPM

OPTIONS THAT ARE MORE THAN STANDARD

The Kia K3 offers a range of choices to meet your needs and preferences. From the exterior lighting to the interior comfort and entertainment options, choose the features that really matter to you and the people along for the drive.

[01] Futuristic Kia Signature LED headlamps

[02] 'Star-map' shaped Rear combination lamps

[03] 64 color options Ambient Interior Lighting

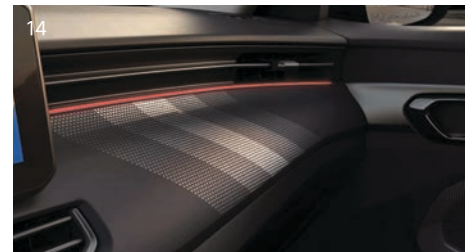

[04] Steel & Alloy Wheels options

[05] Smartphone Wireless charger

[06] Air-ventilated front seats & seat warmers

[07] Spacious trunk

K3 provides a roomier and more comfortable interior space than competitors. A foldable center armrest is applied to the center of the rear seatback to increase rear seat passenger convenience during longdistance driving.

[08] Rear Centre Armrest with Cupholder

[09] Supervision Cluster Display
