

Movement that inspires

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving. It's why we create the spaces and the time you need to bring ideas to life.

The Kia K8

Movement that inspires

A close-up, low-angle shot of a car's body panel, likely the rear quarter panel or trunk lid. The surface is metallic and features a grid of small, circular rivets. A bright, warm light source, possibly the sun, is visible in the upper left corner, creating a strong glare and illuminating the upper portion of the panel. The lower portion of the image is in deep shadow, creating a dramatic contrast.

A constant source of satisfaction

Discover a sedan that draws you closer and eases your mind. You'll find comfort and refinement in the Kia K8 sedan. The elegant Kia K8 combines classic style with the latest technology. The combination is precisely balanced to make every day a little brighter, and every ride a little smoother.

Shapes and patterns inspired by stars and motion

The sculpted yet sleek body shape exudes a look of constant motion, even when at a standstill. The frameless radiator grille segues into the bumper where the diagonal pattern playfully transforms into the diamond-patterned side LED marker lights. Built-in Cloud Lighting accentuates the daytime running lights and turn signals to create a virtual constellation on each side. The Kia K8's shimmering light inspires everyone who sees it pass by.

A car's design tells people something about you. But above all, it should inspire you. With its fastback silhouette and sleek side character lines, the Kia K8 takes nuances from nature and art, and even luxury yachts. The result is a cohesive image of grace in motion. If its design speaks to you, prepare for the conversation of a lifetime.

A design language for truly enchanting encounters

The right images and lines can affect and inspire us. The shape of the Kia K8 trunk lid naturally punctuates the flow of the roof and the volume of the side panels with a striking, dominant spoiler. The eye is drawn to the vivid, red tail lamp structure that stretches from one side to the other. The simple, solid bumper area wraps up the Kia K8 contours with satisfying tastefulness. This is a moving sculpture that signals your refined taste to fellow connoisseurs.

Fresh, futuristic design
for real inspiration

Bold design that breaks away from convention means a rush of excitement at every glance. Is the Kia K8 the future of mobility? The fresh, all-in-one treatment of the grille and bumper is unexpected and intriguing, while the fastback body expresses harmony between sportiness and finesse.

Room to breathe amid reassuring precision

People are intrigued by spaces. They attract us. Welcome us. They can even empower us. That's the idea behind the Kia K8 interior. It's a new setting filled with connectivity technology for your daily activities. A place that inspires you like a luxurious hotel lounge or an upscale art gallery. Sink into the plush, comfortable seats. Take in the craftsmanship of your new space for discovery.

A space to accommodate everyone with all the protection they deserve

Maybe you're in the driver's seat. Maybe you're just along for the ride. Either way, life is calmer and more relaxed inside the Kia K8. Every detail exists for one purpose. To serve you and your occupants. Your comfort, safety and convenience dictate the shapes, textures and functionality of everything around you.

Panoramic curved display

The subtle luxuries are
often the most gratifying

Polished wood. Soft, patterned leather. Satin chrome touches. Refinement is a given in the Kia K8. A gently curved, expansive panoramic display puts you at the center of everything. Rich wood grain exudes an aura of understated class. Sitting posture is optimized by Ergo Motion Seats with adjustable air pockets that help you achieve peak comfort while keeping fatigue at bay.

Premium wood grain & ambient light

Ingeniously simple interfaces make technology a joy to use

Everything you see, hear and touch in the Kia K8 has been designed with your time and convenience in mind. Whether you're adjusting the temperature, choosing music, or cueing route directions, every step is as intuitive as can be. The Kia K8 is all about ingenious simplicity.

12.3-inch navigation

Simultaneously browse navigation maps, entertainment choices and diverse vehicle information on the wide 12.3" display. A graphical user interface that includes widgets and a split-screen mode make the screen easier than ever to use.

Head-up display (HUD)

Keep your eyes safely on the road ahead while monitoring vital driving information projected peripherally on the windshield in vivid yet simple graphics.

Rear Occupant Alert (ROA)

When exiting the vehicle, ROA alerts you with an alarm and a message on the cluster if there is still a person or pet in the rear seat.

Infotainment/climate switchable controller

Two systems share the same central control panel beside the start button. Tap the central button and the touch controls and dials around it transform, switching between infotainment and climate functions. Once you've accessed one of the modes, the icons and words make it simple to choose your settings quickly. Simply tap a selection or dial in variable settings like temperature or audio volume.

Meridian premium sound system (14 speakers)

Experience rich, lifelike sound fidelity from every seat with the world-class Meridian audio system. Meridian's proprietary algorithm is hard at work behind the scenes making sure the sound stays true to the listening preferences you've chosen, even as the acoustics of the vehicle cabin change.

A perfectly balanced suspension meets a powerful 3.5-liter engine

Experience dynamic performance and unparalleled ride stability thanks to a best-in-class 3.5-liter gasoline engine, a responsive 8-speed automatic transmission, and a precise, electronically controlled suspension.

3.5-liter gasoline engine

Max. power 300 ps @ 6,400 rpm

Max. torque 36.6 kgf·m @ 5,000 rpm

How groundbreaking technology helps you to be an even safer driver

Kia's DRIVE WiSE applies the latest Advanced Driver Assistance System (ADAS) technologies to help ensure the ultimate in occupant and pedestrian safety. At the same time, it decreases fatigue that comes from daily commutes, traffic jams and stressful, tedious driving situations.

Forward Collision-avoidance Assist (FCA)

FCA spots trouble ahead. Get an alert if there is a danger of colliding with a car, pedestrian or cyclist ahead. If the risk increases, brakes are applied automatically. At intersections, it can also help avoid collisions with vehicles approaching from either side.

Lane Following Assist (LFA)

Automatic monitoring and steering correction technologies work hand in hand to help you stay centered between the lines.

Blind-spot Collision-avoidance Assist (BCA)

The Kia K8 is on the lookout for you. If you start to change lanes, BCA lets you know if a vehicle is approaching from behind in the lane you're entering. If the risk of a collision increases, it automatically applies the brakes. It also works when you're leaving a parallel parking space and pulling into traffic.

Safe Exit Assist (SEA)

The system alerts passengers who are about to exit the vehicle if the rear sensors detect cars approaching from behind. It can also activate the child safety lock.

Blind-spot View Monitor (BVM)

For safer lane changes, the cluster shows a rear-view image of the lane into which you intend to enter whenever you activate the turn signal.

Surround View Monitor (SVM)

A 360° view around the vehicle helps you park safely.

Personality is all in the details

Details should serve a purpose. Everything in the Kia K8 adds something to the mix. From the artful front grille to the soft suede and classic gauge faces on the inside. Some project a bold or playful image. Some just feel right. Some accomplish tasks in new and better ways. When they all come together, the Kia K8 really shines.
